

LED Panel Down Light – 10W

with Built-in Driver

Model: RDL-1090-CD, RDL-1090-WD

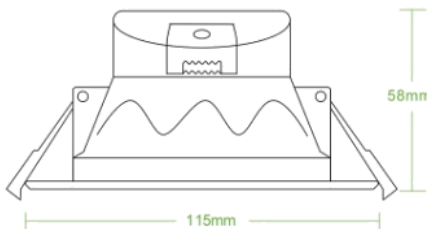

S-tech's LED down lights are a direct replacement for halogen down lights. Easy to install and will work with most trailing edge or universal dimmers. Our panel light is designed so there is no requirement for down light canisters to be used with this product. The light is supplied with a terminal block on the rear of the light fitting for hard wiring or we have an optional 2 pin flex cable with plug if you are fitting surface mount sockets in your ceiling space.
