

Limited Manufacturers Warranty

This manufacturer's warranty against defects ("Warranty") is provided by **S-Tech Holdings Pty Ltd** (ABN 25 162 575 804), of 1 Forum Avenue, Canning Vale, Western Australia 6155 ("S-Tech"), and applies to S-Tech LED Lighting products purchased on or after 1 January 2026.

Subject to the terms, conditions and exclusions set out in this Warranty, S-Tech warrants that its products will be free from defects in materials and workmanship and will operate in accordance with their published specifications for a period of up to five (5) years from the date of shipment. The applicable warranty period for each product is specified in the product documentation and the following pages.

Where a product is proven to be defective within the applicable warranty period and a valid claim is made in accordance with this Warranty, S-Tech will, at its option, repair or replace the defective product with a new, refurbished, or equivalent product.

S-Tech reserves the right to discontinue, modify or redesign products at any time. Where an identical replacement is unavailable, S-Tech may substitute a comparable product of equal or greater performance at its sole discretion.

Exclusions

To the fullest extent permitted by law, this Warranty does not apply to, and S-Tech will not be liable for, defects or failures arising from:

- use other than in accordance with S-Tech's installation, operating or maintenance instructions;
- incorrect installation, including installation not performed by a licensed electrician where required by law;
- misuse, abuse, accident, neglect, improper handling or storage;
- exposure to abnormal environmental conditions including but not limited to power surges, voltage fluctuations, fire, water ingress, chemicals, pollutants, or extreme climate conditions;
- alteration, modification, or unauthorised repair;
- fair wear and tear or normal product ageing;
- consumable or exhaustible components except where a manufacturing defect is present.

Warranty Void

This Warranty is void if:

- identification labels, serial numbers, or appliance plates have been removed, altered or defaced;
- the product has been serviced, repaired or modified by a person not authorised by S-Tech;
- non-approved components or replacement parts have been used.

Limitation of Liability

To the extent permitted by law, S-Tech's liability under this Warranty is limited solely to repair or replacement of the product. S-Tech will not be liable for any indirect, incidental, consequential or economic loss, including loss of profits, downtime, or loss arising from removal, installation or use of the product.

The customer is responsible for all labour, access equipment, removal, transport and reinstallation costs associated with a warranty claim.

Claim Procedure

To make a claim under this Warranty, the customer must, prior to expiry of the applicable warranty period and at their own cost:

- retain proof of purchase;
- complete the warranty claim documentation;
- return the product to the original place of purchase, nominated service location or direct to an S-Tech office;
- provide full details of the alleged defect and operating conditions.

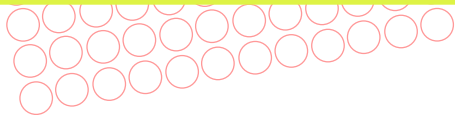

S-Tech reserves the right to inspect and test the product to determine validity of the claim. A claim will only be accepted where S-Tech, acting reasonably, determines that the defect is covered by this Warranty.

Australian Consumer Law

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

The benefits provided by this Warranty are in addition to your rights under the Australian Consumer Law.
